Additional Items on Race/Ethnicity

Background Information

The Race/Ethnicity Pilot Survey is a stand-alone online survey that will be piloted during the 2022 administration of the Community College Survey of Student Engagement (CCSSE). The purpose of this pilot survey is to help colleges understand their students' experiences with racism, inclusion, and belonging.

Colleges participating in the Community College Faculty Survey of Student Engagement (CCFSSE) alongside CCSSE will also have the option of adding the following items to the online faculty survey. Offered as a companion to the student survey, CCFSSE is an online census survey that invites faculty to contribute their front-line perspectives on student engagement. With a flat-rate fee regardless of college size, CCFSSE is an affordable way to create a faculty data set for comparison with student data.
